PRESS RELEASE OCTOBER 2015

SLEEPING CATS

Strata Panels - Cambridgeshire furniture manufacturers successfully completed 113 bedroom sets for CATS students at their prestigious Canterbury boarding college

Based in Huntingdon, Cambridgeshire, Strata Panels specialise in the design and manufacture of student accommodation furniture, using furniture grade, melamine-faced MDF as well as the more familiar MFC. Strata Panels are also able to work with real wood veneers with hardwood lippings.

The 113 bed room sets pictured above with Mattison Contract Beds of Ipswich mattresses, were installed over 5 floors in two buildings by our dedicated team of installers in an astonishing 9 days, causing minimum disruption and down time for the students and staff.

Using top quality, 18mm Lugano Oak MDF with 2mm PVC edging all round, the stylish furniture features solid 18mm drawer packs with soft close undermount runners and soft close door hinges as standard
